NOW IT IS FRACD

The Congressional Election to Be Contested.

DEMAND MADE FOR A RECOUNT

Belknap Conceding His Defeat Alleges Fraud in the Count and Asks to Have it Done Again.

Beiknap filed a petition addressed to against Hughes is for keeping open the board of canvassers, asking for a recount of the votes from the town-keeping open on election day. Both were held for trial at the next term of ships of Alpine, Spencer and Walker and in the second precinct of the secand ward, the second precinct of the fourth ward, the second precinct of the fifth ward, in the second and third precincts of the sixth ward, in the first on a piece of land sold to the defendceinct of the seventh ward, in the heat precinct of the eleventh ward and in the various other townships, wards and precincts of the county. It alleges fraudulent methods of counting

The petitioner shows that in the election the method of voting was new to many voters and the method of counting was new to many of the inspectors file undertaking for costs on or before and clerks of election and many who acted as inspectors were inexperienced in such matters and liable to make mistakes, and such mistakes were made and the petitioner asks for a correction

The petition represents that in the townships, wards and precincts of the county all of the inspectors and clerks worked laboriously and continuously all day of election and all of the night following, and were mentally and physically exhausted and were mentally and physically in such a condition that many mistakes were made.

Tricks of the Crossars, The petitioner shows that in the township of Alpine there were certain ballots cast which had a cross before the name of the first elector on the democratic ticket, and that no other marks were made on the ballot, but they were counted as votes for all of the names on the democratic ticket.

In the township of Walker ballot, but that the votes ticket, and that no other marks were ticket, and the ticke the democratic ticket, including that of

In the township of Spencer ballots were counted as votes for Mr. Richardson which were imperfect and incom-

In the first and second precincts of the second ward ballots were cast which had no cross in the square at the head of the ticket, and no cross in the square before the name of the democratic candidate, and those votes were counted for Mr. Richardson. In the same precincts of the same ward the petioner claims other votes were cast which were imperfect and incomplete, yet they were counted as votes for the opposing candidate, and in the second precinct of the second ward no tally sheets were kept and filled out as pro-

vided by law.
In the first precinct of the fifth ward rotes were cast which had no cross in the square at the head of the ticket, but which had a cross in the other square before the name of the first elector, and no other mark in the bailot, and yet those ballots were counted as votes for all the candidates the square at the head of the democratic ticket, or a cross in the square before Mr. Richardson's name, and yet they were counted as votes for the

The petition also alleges that in the third precinct of the sixth ward there were votes cast for the republican candidate, which were not counted at all.

Imperfect Ballots Counted. In the first precinct of the seventh ward there were votes cast which had no cross in the squares at the head of ticket, and no cross in the square before Mr. Richardson's name, yet those ballots were counted as votes for the democratic candidate. In the same precinct of the same ward certein other ballots were counted as full and complete ballots which were imcandidates.

In the first precinct of the eleventh ward votes were cast with no cross in the squares at the head of the tickets, nor in the square in front of Mr. Richardson's name, but as in the other ches they will be counted in favor of the democratic candidate.

The petitioner states that he is inleut as to the number of votes actually most pleasant of the season. cast for the petitioner, and that there was a larger number of votes counted from the various wards and precincts for Mr. Richardson than he actually received and that in many townships and precincts there were votes cast for

Mr. Belknap which were not counted. The petitioner also represents that in the second precinct of the fifth ward. seconding to returns filed, the total vote cast for representative in congress was about twenty-four more than the total vote cast for the district presidential elector, and in the second precinct of the sixth ward the returns show

mirty-two votes less than the total vote for the district presidential elector. in the township of Alpine a voter who publicle declared that he in-tended to wite the republican ticket end-red a booth to prepare his bailot, but the polls were declared closed just as he reached the ballot box and offered

serted that a belief was cast which was not an official ballot received from the board of lumpreturs.

One hundred dollars was deposited with the county clerk to comply with a recount to deposit that amount of money.
